Dear Mayor XXXXXX;

As a resident of CITY, I strongly urge you to reconsider your decision to join Mayor Bloomberg's latest anti-gun "Mayors Against Illegal Guns" coalition, and remove yourself as a member.

Mayor Bloomberg and his coalition allies have misrepresented themselves to the mayors of America and its citizens. This effort is simply another attempt to shift blame for violent crime from criminals to law-abiding gun owners. This is gun control, not crime prevention.

Mr. Bloomberg's tactics do not target illegal guns, but rather honest citizens and lawful dealers, essentially criminalizing all gun ownership. This coalition makes no distinction whatsoever between law-abiding gun owners and violent criminals.

Instead of being a part of a misguided coalition and advocating attacks against law-abiding gun owners, I ask you to direct your efforts towards strict enforcement of existing laws in our own city to ensure both our safety and civil rights.
